 By: Lukey Dorman, Deputy

I, SUE GRAFTON, CLERK OF THE COMMISSIONERS' COURT OF PANOLA COUNTY, TEXAS DO HEREBY CERTIFY THAT THE ABOVE NOTICE WAS POSTED ON THE OFFICIAL BULLETIN BOARD IN THE PANOLA COUNTY COURTHOUSE IN THE CITY OF CARTHAGE, TEXAS AND IN A PUBLIC PLACE VISIBLE AT ALL TIMES ON THE 22<sup>ND</sup> DAY OF FEBRUARY, 2001 AT 9:10 O'CLOCK A.M.

Sue Grafton  
 SUE GRAFTON, COUNTY CLERK  
 PANOLA COUNTY, TEXAS  
 By: Lukey Dorman, Deputy

MAR 12 2001

The State of Texas  
County of PanolaSUE GRAFTON  
COUNTY CLERK, PANOLA COUNTY, TEXASBY *Sue Grafton* DEPUTY

On this the 26th day of February A.D 2001, the Commissioners' Court of Panola County, Texas met in a Special Meeting of the Court at 9 00 o'clock a.m in the Commissioners' Courtroom of said County with the following members of the Court present.

John Cordray	County Judge
Ronnie LaGrone	Commissioner, Precinct No 1
Douglas M. Cotton	Commissioner, Precinct No. 2
Herrmon E. Reed, Jr.	Commissioner, Precinct No 3
Jimmy Davis	Commissioner, Precinct No 4

with none absent, constituting a quorum of the Court. Also attending were Sue Grafton, County Clerk and Lee Ann Jones, Administrative Assistant to the County Judge Attached to and made a part of these Minutes is a list of other attendees and the office or organization that each represents The following proceedings were held at this meeting:

OPEN MEETING.

## 1. CITIZEN COMMENTS

There were no comments from the citizens

## 2. COMMISSIONERS' REPORT

Commissioner LaGrone reported that he had met with representatives of KSA Engineers, Inc and the aviation division of the Texas Department of Transportation regarding the upcoming improvements to the airport They expect to have the work bid out and to be ready to begin the construction in early 2002.

Commissioner Cotton reported meeting with representatives of the Texas Parks and Wildlife Service at the Sabine River ramp project on Highway 43 Since the river is up due to recent high rains, much of it was under water, but he felt that they were satisfied that everything at the project was going well.

Commissioner Davis reported that he had been in Austin last week on meetings with the Texas Department of Transportation regarding the Interstate 69 project. He reported that the highway is to fork in the southern part of the county. They are in the process of conducting the environmental impact survey for the project at this time.

RE: Vernada Williams

Dear Judge Cordray:

Please be advised that the vacancy created when Ella Bell left January 5, 2001 has been filled by Vernada Williams. Ms. Williams will begin February 14, 2001 at which time her salary will be \$7.50 per hour. After Ms. Williams has successfully completed a 90 day probationary period, her salary shall be increased to \$8.00 per hour. This salary is included in the approved county budget for our office.

Please present this item at the next commissioner's court meeting for approval.

Should you have any questions, please contact me.

Sincerely,

Danny Buck Davidson

## APPROVAL

February 26, 2001

TO: Texaco E & P  
167 CR 3173  
Carthage, Texas 75633

RE: CR #328

The Panola County Commissioners' Court offers no objection to the location on the right-of-way of your proposed 3" Sch 80 line as shown by accompanying drawings and notice except as noted below:

It is expressly understood that the County Commissioners' Court does not purpose hereby, to grant any right, claim, title or easement in or upon this county road. It is further understood that in the future should for any reason the county need to work, improve, relocate, widen, increase, add to, or in any manner change the structure of this right-of-way, any required relocation of said lines shall be at the sole expense of owner.

All work on the county right-of-way shall be performed in accordance with the county instructions. The installations shall not damage any part of the road and adequate provisions must be made to cause minimum inconvenience to traffic and adjacent owners. Special specifications for placing this line are as follows:

1. All lines are to be installed a minimum of 36 inches below the flow line of the adjacent drainage or barrow ditch.
2. All excavation within the right-of-way and not under surfacing shall be backfilled by tamping in 6 inch horizontal layers. All surplus material shall be removed from the right-of-way and the excavation finished flush with surrounding natural ground.
3. Lines crossing under surfaced roads and under surfacing cross roads within the right-of-way shall be placed by boring. Boring shall extend from crown line to crown line. Gravity from sewer lines under roadways shall be cast iron pipe.
4. All lines, where practicable, shall be located to cross roadbed at approximately right angles thereto. No lines are to be installed under or within 50 feet of either end of any bridge. No lines shall be placed in any culvert or within 10 feet of the closest point of same.

5. Parallel line will be installed as near the right-of-way lines as is possible and no parallel line will be installed in the roadbed or between the drainage ditch and the roadbed without special permission of the Panola County Commissioners' Court.
6. Operations along roadbeds shall be performed in such manner that all excavated material be kept off the pavement at all times, as well as all operating equipment and materials. No equipment or installation procedures will be used which will damage any road surface or structures. The cost of any repairs to road surface, roadbed, structures or other right-of-way features as a direct result of this installation will be borne by the owner of this line.
7. Barricades, warning signs, lights, and flag man(men) when necessary shall be provided by the contractor or owner. One-half (1/2) of the traveled portion of the road must be open at all times.

Approved: *John Cordray*  
COUNTY JUDGE

SPECIAL SPECIFICATIONS  
FOR PIPE LINES CROSSING IN BORED HOLES  
AND PLACED PARALLEL TO COUNTY ROADS

GENERAL NOTE: The construction of this project shall follow "The Panola County Road and Bridge Department Standard Specifications" with respect to barricades, flagmen, flares, warning signs, and all responsibility for complaints or damage suits by traveling public and adjacent property owners.

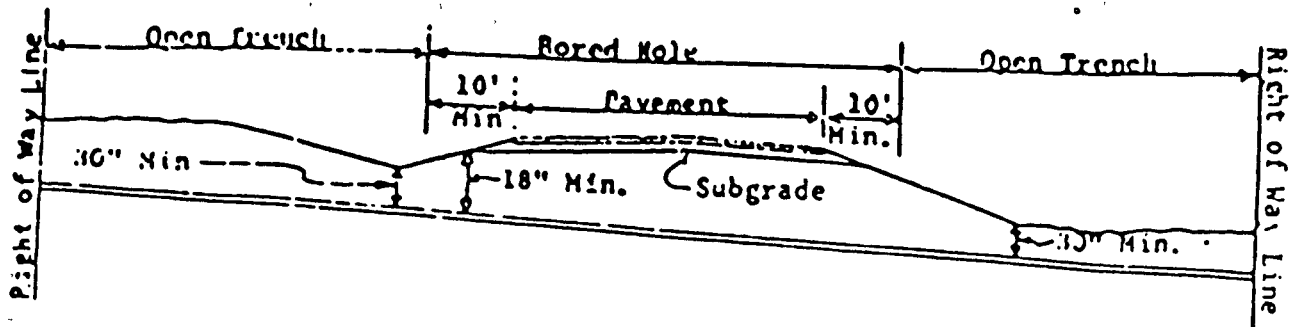

1. Exaction material shall not be placed on the road shoulders or traffic lanes or in ditches where drainage would be impaired. When excavation is permitted near the roadway where, in the opinion of the County, the support of the oil road structure is endangered, sheeting, cribbing, other measures shall be taken to prevent damage to the roadway or the creation of traffic hazard.
2. All excavations shall be backfilled in a neat and workmanlike manner and all disturbed areas shall be restored to a condition comparable to the original condition. Backfill material shall be consolidated to a density comparable to that of the adjacent undisturbed material, replacing all of the excavated material except that displaced by the pipe. The degree of compaction shall be such as to prevent future settlement. Excess material displaced by the pipe shall be removed from the right-of-way or otherwise disposed of to the satisfaction of the county's representative. Pipe laying operations shall not be carried on when soil conditions are such that construction equipment will cause rutting. Backfill operations shall be kept within one mile of trenching and/ or pipe laying operations.
3. Sod and/or other erosion control measures removed or disturbed by the installation shall be replaced. This shall include keeping separate and replacing existing topsoil, importing sod or seeding or a combination of these methods together with fertilizer and water as necessary to re-establish vegetative cover in a healthy and growing condition.
4. The pipe or, if encased, the encasement pipe shall completely fit the bored hole.
5. All private and commercial access driveways disturbed by pipe laying shall be restored to a condition comparable to that which existed prior to these operations. Special care shall

be taken to compact backfill and base material to prevent future settlement. All work shall be completed to the owners satisfaction. All public access driveways with paved surfaces shall be crossed by the bored hole method. Crossings of dirt or graveled public access driveways may be made as specified for private and commercial access driveways except that provisions shall be made for uninterrupted flow of traffic.

6. No trees or shrubbery shall be cut or trimmed with the approval of the Panola County Road and Bridge Department.
7. Regulations and ordinances of incorporated cities shall be complied with if within the city limits.

The Panola County Commissioners' Court offers no objection to the location on the right-of-way of your proposed 4" line as shown by accompanying drawings and notice except as noted below:

It is expressly understood that the County Commissioners' Court does not purpose hereby, to grant any right, claim, title or easement in or upon this county road. It is further understood that in the future should for any reason the county need to work, improve, relocate, widen, increase, add to, or in any manner change the structure of this right-of-way, any required relocation of said lines shall be at the sole expense of owner.

All work on the county right-of-way shall be performed in accordance with the county instructions. The installations shall not damage any part of the road and adequate provisions must be made to cause minimum inconvenience to traffic and adjacent owners. Special specifications for placing this line are as follows:

1. All lines are to be installed a minimum of 36 inches below the flow line of the adjacent drainage or barrow ditch.
2. All excavation within the right-of-way and not under surfacing shall be backfilled by tamping in 6 inch horizontal layers. All surplus material shall be removed from the right-of-way and the excavation finished flush with surrounding natural ground.
3. Lines crossing under surfaced roads and under surfacing cross roads within the right-of-way shall be placed by boring. Boring shall extend from crown line to crown line. Gravity from sewer lines under roadways shall be cast iron pipe.
4. All lines, where practicable, shall be located to cross roadbed at approximately right angles thereto. No lines are to be installed under or within 50 feet of either end of any bridge. No lines shall be placed in any culvert or within 10 feet of the closest point of same.

5. Parallel line will be installed as near the right-of-way lines as is possible and no parallel line will be installed in the roadbed or between the drainage ditch and the roadbed without special permission of the Panola County Commissioners' Court.
6. Operations along roadbeds shall be performed in such manner that all excavated material be kept off the pavement at all times, as well as all operating equipment and materials. No equipment or installation procedures will be used which will damage any road surface or structures. The cost of any repairs to road surface, roadbed, structures or other right-of-way features as a direct result of this installation will be borne by the owner of this line.
7. Barricades, warning signs, lights, and flag man(men) when necessary shall be provided by the contractor or owner. One-half (1/2) of the traveled portion of the road must be open at all times.

NOTICE OF PROPOSED INSTALLATION  
PIPE AND /OR UTILITY LINES

TO: THE PANOLA COUNTY COMMISSIONERS COURT

c/o

PANOLA COUNTY ROAD & BRIDGE DEPARTMENT CARTHAGE, TEXAS

Formal notice is hereby give that:

Rehobeth W.S.C. Proposes to place a  
(COMPANY NAME)

3" P.V.C. Line within the Right-of-Way  
(PIPE SIZE)

of County Road: 305 as follows:  
(NUMBER OF ROAD)

The proposed pipeline will cross under the indicated roads on the attached sheet.  
Installation shall be made by boring total length of line in Panola County is \_\_\_\_\_.

The location and description of the proposed line and appurtenances is more fully shown by the copies of the drawings attached to this notice. The line will be constructed and maintained on the County Right-of-Way as directed by the County Commissioners in accordance with current Panola County Specifications.

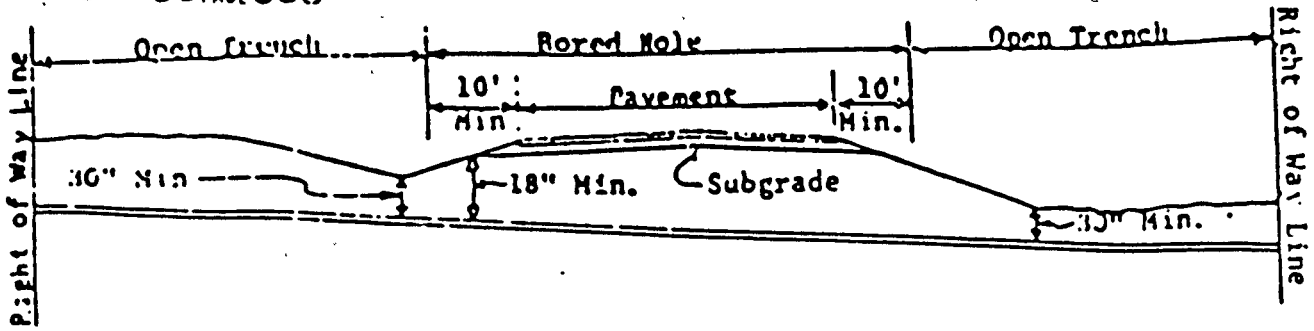

Construction of this line will begin on or after the 20<sup>th</sup> day of  
FEBRUARY 2000.

SPECIAL SPECIFICATIONS  
FOR PIPE LINES CROSSING IN BORED HOLES  
AND PLACED PARALLEL TO COUNTY ROADS

**GENERAL NOTE:** The construction of this project shall follow "The Panola County Road and Bridge Department Standard Specifications" with respect To barricades, flagmen, flares, warning signs, and all responsibility for complaints or damage suits by traveling public and adjacent property owners.

1. Exaction material shall not be placed on road shoulders or traffic lanes or in ditches where drainage would be impaired. When excavation is permitted near the roadway where, in the opinion of the County, the support of the oil road structure is endangered, sheeting, cribbing, other measures shall be taken to prevent damage to the roadway or the creation of traffic hazard.
2. All excavations shall be backfilled in a neat and workmanlike manner and all disturbed areas shall be restored to a condition comparable to the original condition. Backfill material shall be consolidated to a density comparable to that of the adjacent undisturbed material, replacing all of the excavated material except that displaced by pipe. The degree of compaction shall be such as to prevent future settlement. Excess material displaced by the pipe shall be remove from the right-of-way or otherwise disposed of to the satisfaction of the county's representative. Pipe laying operation shall not be carried on when soil conditions are such that construction equipment will cause rutting. Backfill operations shall be kept within one mile of trenching and/or pipe laying operations.
3. Sod and/or other erosion control measures removed or disturbed by the installation shall be replaced. This shall include keeping separate and replacing existing topsoil, importing sod or seeding or a combination of these methods together with fertilizer and water as necessary to re-establish vegetative cover in a healthy and growing condition.
4. The pipe or, if encased, the encasement pipe shall completely fit the bored hole.
5. All private and commercial access driveways disturbed by pipe laying shall be restored to a condition comparable to that which existed prior to these operation. Special care shall be taken to compact backfill and base material to prevent future settlement. All work shall be completed to the owners satisfaction. All public access driveways with paved surfaces shall be crossed by the bored hole method. Crossings of dirt or gravel public access driveways may be made as specified for private and commercial access driveways except that provisions shall be made for uninterrupted flow of traffic.
6. No trees or shrubbery shall be cut or trimmed with the approval of the Panola County Road and Bridge Department.
7. Regulations and ordinances of incorporated cities shall be complied with if with the city limits.

# RESOLUTION 2001-04

VOL 36 PAGE 607

WHEREAS, all Texans benefit when their families, friends, and neighbors can obtain the behavioral health services they need to maintain good health and be productive members of their community; and

WHEREAS, community mental health and mental retardation services have proven effective and efficient in meeting individual and community needs; and

WHEREAS, Texas ranks 43<sup>rd</sup> in per capita funding for community mental health and mental retardation services and has over 23,000 persons with serious mental disabilities waiting for needed support services statewide; and

WHEREAS, appropriation of new state funds would benefit Texans with mental disabilities by:

1. Repairing and strengthening the mental health safety net by funding new medications and intensive community-based mental health services that can prevent psychiatric crisis, incarceration, and homelessness;
2. Ending the waiting lists for essential community services which enable Texans with extraordinary needs to avoid more costly institutional placement;
3. Providing Texans with mental disabilities the same level of community services available to people in most other states by increasing Texas funding to just equal the national average by 2005;

NOW, THEREFORE, BE IT RESOLVED, by the Panola County Commissioners' Court to support the Texas Department of Mental Health and Mental Retardation's funding request for \$265 million in increases to community MHMR services for 2002 and 2003.

ADOPTED in Open Court this 26<sup>th</sup> day of February, 2001.

**SPECIFICATIONS FOR GLAUCONITE ROCK**

1. Bids will be taken on materials as listed below:
    - a. **CRUSHED GLAUCONITE ROCK - 80% GRADATION OR BETTER  
PLASTIC INDEX 4 - 5%  
0" TO 2"**
    - b. **CRUSHED GLAUCONITE ROCK - 80% GRADATION OR BETTER  
PLASTIC INDEX 4 - 5%  
2" TO 4" OVERSIZE**
    - c. **CRUSHED GLAUCONITE ROCK - 80% GRADATION OR BETTER  
PLASTIC INDEX 4 - 5%  
4" TO 12" RIP RAP**
  2. Samples of the material may be taken as delivered at any time and submitted to a commercial testing laboratory for compliance. Materials not meeting the above specifications must be removed by the supplier and will not be paid for.
  3. Materials must be available for delivery within 72 hours of order by Panola County. Materials will be ordered on an as needed basis and deliveries of any amount other than that ordered will not be accepted.
  4. Reasonable effort will be made to work with vendor on delivery quantities and scheduling. In the event a compromise cannot be reached, item #3 will prevail.
  5. The estimated quantity to be purchased in 2001 is 3500 tons. However, the County is not obligated to purchase this quantity or any other particular quantity during the year.
  6. Delivery will be to jobsite locations within twenty-five (25) miles of the Panola County Warehouse, Carthage, Texas. Also, the County may elect to haul some of the material itself. The supplier will still have to provide the loading equipment and operator. The County will work with the supplier as much as possible in scheduling the hauling.
  7. Bids should be submitted on the attached bid form.
  8. The successful bidder will supply Panola County with a certified weight ticket on each load delivered to Panola County, at the time of the delivery.
  9. The term of the contract shall be from February 12, 2001 to December 31, 2001.
-

To The Comissioners of Panloa County,

The reason for our bid to be in yards instead of tons is due to the lose of our scales that were struck by lightning at this time we are scaling it by the yard but as far as invoicing we are still invoicing by the tons we have a formula that we go by yards X 1.3 = tons which is better for your county do to wettnes in rainy weather the rock weights more by the ton this way the county gets the same amount all year round.

Sincerely:

Jimmy (Beau) Welsh, Manager

AGREEMENT

THE STATE OF TEXAS X

KNOWN ALL MEN BY THESE PRESENTS

COUNTY OF PANOLA X

This agreement made and entered into between J. T. Gates  
as Grantor and PANOLA COUNTY as Grantee this 16 day of Feb. 2001.

WHEREAS, J. T. Gates is the owner of the following described  
land to wit:

SEE ATTACHED EXHIBIT "A"

And is desirous of allowing PANOLA COUNTY, to use such land for  
purposes of acquiring dirt, and providing clay use in the construction and  
maintenance of roads in Panola County, Texas; and

Whereas, PANOLA COUNTY is desirous of obtaining a location to  
acquire dirt and clay for the purpose of building and maintaining roads in Panola  
County, Texas.

THE PARTIES AGREE AS FOLLOWS:

Grantor does hereby grant Grantee the exclusive right for the period of one  
(1) year from the date hereof to use the above described property for the purposes  
set out above and such other purposes and rights of ingress and egress required

by the Grantee in the full exercise and enjoyment of rights hereby conferred.. This agreement shall be automatically renewable unless either party in writing as least thirty (30) days prior to the end of the primary term of its intent not to renew the Agreement.

Grantee shall pay as consideration to Grantor for the benefit to it conveyed the sum of **FIFTY CENTS (.50)** per yard for each yard of soil, clay or gravel removed <sup>by gr</sup> Grantee from described premises.

Grantor also agrees to store the affected property back to approximate original contours, to level all soil piles, and remove any material stored on Grantor's property.

Signed the 16 day of February, 2001.

John S. Hester  
Grantor

As approved in Commissioner's Court on the 26<sup>th</sup> day of February, 2001.

# RESOLUTION 2001-05

VOL 36 PAGE 617

The Commissioners' Court of Panola County, Texas, meeting in Special Session on the 26<sup>th</sup> day of February, 2001, among other proceedings considered the following resolution regarding safety:

**WHEREAS**, the County Judge, County Sheriff, County Commissioners and other County officials are concerned with the safety of employees and the public; and

**WHEREAS**, these safety efforts have a direct and positive impact on the cost of operations and employee morale for Panola County; and

**WHEREAS**, the County can receive a cash incentive of up to EIGHT THOUSAND THREE HUNDRED SEVENTY AND NO/100 (\$8,370.00) DOLLARS from the Texas Association of Counties Workers' Compensation fund in 2001 by implementing a comprehensive accident prevention plan; and

**WHEREAS**, implementation of this plan should minimize unnecessary accidents and control Workers' Compensation costs for the future; and

**WHEREAS**, the County can utilize the free services of the safety staff of the Texas Association of Counties to assist in the implementation of such a plan;

**NOW, THEREFORE, BE IT RESOLVED**, that the Panola County Commissioners' Court, Panola County, Texas, in joint resolution with the County Sheriff, hereby proclaim their support on behalf of the County to implement an effective accident prevention plan in agreement with the Texas Association of Counties, and the Commissioners' Court hereby prevails upon and challenges other elected and appointed County officials to support this safety initiative, and work in a cooperative effort to develop and implement these accident prevention plans.

**ADOPTED IN OPEN COURT** this 26<sup>th</sup> day of February, 2001 upon motion by Comm. LaGrone, seconded by Comm. Cotton, and 5 members of the Court being present and voting "aye".
