FOR PIPE LINES CROSSING IN BORED HOLES  
AND PLACED PARALLEL TO COUNTY ROADS**

**GENERAL NOTE:** The construction of this project shall follow "The Panola County Road and Bridge Department Standard Specifications" with respect To barricades, flagmen, flares, warning signs, and all responsibility for complaints or damage suits by traveling public and adjacent property owners.

1. Exaction material shall not be placed on road shoulders or traffic lanes or in ditches where drainage would be impaired. When excavation is permitted near the roadway where, in the opinion of the County, the support of the oil road structure is endangered, sheeting, cribbing, other measures shall be taken to prevent damage to the roadway or the creation of traffic hazard.
2. All excavations shall be backfilled in a neat and workmanlike manner and all disturbed areas shall be restored to a condition comparable to the original condition. Backfill material shall be consolidated to a density comparable to that of the adjacent undisturbed material, replacing all of the excavated material except that displaced by pipe. The degree of compaction shall be such as to prevent future settlement. Excess material displaced by the pipe shall be remove from the right-of-way or otherwise disposed of to the satisfaction of the county's representative. Pipe laying operation shall not be carried on when soil conditions are such that construction equipment will cause rutting. Backfill operations shall be kept within one mile of trenching and/or pipe laying operations.
3. Sod and/or other erosion control measures removed or disturbed by the installation shall be replaced. This shall include keeping separate and replacing existing topsoil, importing sod or seeding or a combination of these methods together with fertilizer and water as necessary to re-establish vegetative cover in a healthy and growing condition.
4. The pipe or, if encased, the encasement pipe shall completely fit the bored hole.
5. All private and commercial access driveways disturbed by pipe laying shall be restored to a condition comparable to that which existed prior to these operation. Special care shall be taken to compact backfill and base material to prevent future settlement. All work shall be completed to the owners satisfaction. All public access driveways with paved surfaces shall be crossed by the bored hole method. Crossings of dirt or gravel public access driveways may be made as specified for private and commercial access driveways except that provisions shall be made for uninterrupted flow of traffic.

6. No trees or shrubbery shall be cut or trimmed with the approval of the Panola County Road and Bridge Department.
7. Regulations and ordinances of incorporated cities shall be complied with if with the city limits.

RE: CR #401

The Panola County Commissioners' Court offers no objection to the location on the right-of-way of your proposed 3" steel line as shown by accompanying drawings and notice except as noted below:

It is expressly understood that the County Commissioners' Court does not purpose hereby, to grant any right, claim, title or easement in or upon this county road. It is further understood that in the future should for any reason the county need to work, improve, relocate, widen, increase, add to, or in any manner change the structure of this right-of-way, any required relocation of said lines shall be at the sole expense of owner.

All work on the county right-of-way shall be performed in accordance with the county instructions. The installations shall not damage any part of the road and adequate provisions must be made to cause minimum inconvenience to traffic and adjacent owners. Special specifications for placing this line are as follows:

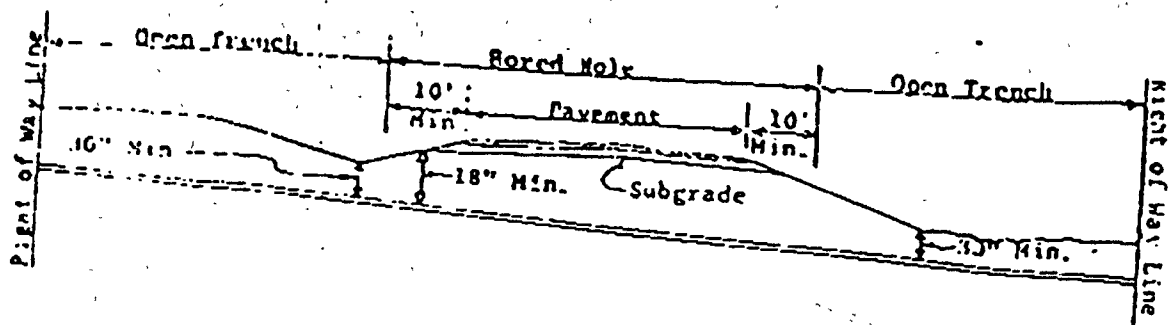

1. All lines are to be installed a minimum of 36 inches below the flow line of the adjacent drainage or barrow ditch.
2. All excavation within the right-of-way and not under surfacing shall be backfilled by tamping in 6 inch horizontal layers. All surplus material shall be removed from the right-of-way and the excavation finished flush with surrounding natural ground.
3. Lines crossing under surfaced roads and under surfacing cross roads within the right-of-way shall be placed by boring. Boring shall extend from crown line to crown line. Gravity from sewer lines under roadways shall be cast iron pipe.
4. All lines, where practicable, shall be located to cross roadbed at approximately right angles thereto. No lines are to be installed under or within 50 feet of either end of any bridge. No lines shall be placed in any culvert or within 10 feet of the closest point of same.

5. Parallel line will be installed as near the right-of-way lines as is possible and no parallel line will be installed in the roadbed or between the drainage ditch and the roadbed without special permission of the Panola County Commissioners' Court.
6. Operations along roadbeds shall be performed in such manner that all excavated material be kept off the pavement at all times, as well as all operating equipment and materials. No equipment or installation procedures will be used which will damage any road surface or structures. The cost of any repairs to road surface, roadbed, structures or other right-of-way features as a direct result of this installation will be borne by the owner of this line.
7. Barricades, warning signs, lights, and flag man(men) when necessary shall be provided by the contractor or owner. One-half (1/2) of the traveled portion of the road must be open at all times.

BUDGET AMENDMENT #4

We hereby amend the Panola County Budget for the Fiscal Year 2005 as set forth above according to the procedures outlined under Vernons Texas Codes Annotated Local Government Code, Chapter 111, Subchapter A Section 111.010. The 2005 Panola County Budget is hereby so amended and we find and declare that a grave emergency and public necessity exists to meet unusual and unforeseen conditions which could not, by reasonably diligent thought and attention, have been included in the original 2005 budget as adopted. A copy of this Order is to be filed with the County Clerk and Attached to the Budget originally adopted for 2005.

Signed on this 14 day of March, 2005.
