Subject: scrap tire disposal

Kim,

Thanks for your time this morning on the phone. As I mentioned we work with both the Rusk county commissioners and the Harrison county Road and Bridge group to legally dispose of their scrap tires and we would be honored to service your needs as well. Our TCEQ Permit Number is #6201047 You can look us up on the TCEQ website. Also we are permitted in the state of Texas to transport and process scrap tires

We can schedule pick ups throughout the year at your facility so you don't get an accumulation of tires on premise We count the tires as we load, we leave you with proper documentation, we count as we unload to verify, then we send an invoice via the internet. Once the tires are finally disposed of properly, we send you the completed Manifest for your records.

Pricing is as follows:
