Subject: Off-System Bridge Replacement Projects - Panola County Commissioners Court

Good afternoon, Judge Anderson –

As discussed, James Moore (Atlanta District Bridge Inspection Coordinator) and I would like to come speak with you and the County Commissioners at the April 15<sup>th</sup> Commissioners Court Meeting about **AGREEMENTS FOR FOUR NEW OFF-SYSTEM BRIDGE REPLACEMENT PROJECTS**.

Specifically, there are 4 bridges in Panola County which have recently been identified for replacement in two precincts:

CR 201 at Hoggs Bayou (Precinct 2)

CR 4354 at McFadden Creek (Precinct 4)

CR 430 at McFadden Creek (Precinct 4)

CR 127 at Brushy Creek (Precinct 4)

In addition, we currently have an existing agreement to replace the structure on **CR 173 at Beck Creek**, but we have run into some issues with gas lines and right of way. We would like to talk to you and the Pct .1 Commissioner about this project and potential solutions. **This would probably be best done outside the Commissioners Court.** Perhaps we could meet before or after the Court meeting that day? If not, we could look for another time to schedule that discussion. Just let me know what would work best.

We look forward to seeing you on the 14<sup>th</sup>. Please let me know if you have any questions or need any additional information prior to the meeting.

Sincerely,

Deanne
