Dear Sirs:

A commissioner with Panola County has received a report that on FM 1794 under the bridge that crosses the Sabine River there is a natural obstruction that inhibits the flow of the river. According to the Texas Water Code Section 11.097, this letter is a request for TCEQ to investigate this obstruction.

Of course, your investigation will determine the course of action that needs to take place.

The Panola County Commissioners' Court appreciates your investigation into this issue.

Sincerely,

David Anderson
Panola County Judge
