Panola County Commissioners' Court

RE: Cell Phones

Dear Commissioners' Court,

I am requesting a county cell phone for myself & Kelsey for use for our office. We have used our personal cell phones for previous elections and feel we need to have a county phone and not use our personal phones. We take a tremendous amount of phone calls and text to help our election judges & the Secretary of State's office, so our elections can run smoothly. We are on the road most of the morning on election day and that is the way for our judges to talk to us with any problems they have going on so we can help solve the problem.

Thank you for your consideration in this matter.

Sincerely,

A handwritten signature in cursive script that reads "Loretta Mason".

Loretta Mason
