BID PROPOSAL

DATE: December 6, 2022

REFERENCE: District clerk HVAC system replacement

Attn: Tommy Earle

HAL'S proposes to furnish necessary permits, materials, labor, and tools to provide a complete project.

INCLUDES OR QUALIFICATIONS:

****FINANCING IS AVAILABLE****

*We are now offering 4 levels of indoor air quality including HEPA filtration systems.

This includes: 10 ton heat pump system

- Labor
- Demolition and removal of existing system equipment
- Installation of new indoor air handler
- Installation of new outdoor 2 stage heat pump
- Rework condensate drain to accommodate the new system equipment
- Electrical connection to the new system equipment
- Start-up

TOTAL: 19,831.00

- All of our employees are background checked; drugs tested, and continually train on the latest equipment and procedures.
- We are going to do our best to protect your property and leave things as we found them. This type of work can have the occasional chip or scratch if the work area is a challenge or trim has to be removed.

EXCLUSIONS:

Repair of drywall surfaces, flooring, etc.

Anything not specifically mentioned in this bid

Any and all concrete forming, pouring, reinforcing, etc.

THANK YOU,

Bruce Whitaker

HAL'S Air conditioning & Electrical Inc.

I, Rodger C. McElane
accept the above described bid and agree to pay the total bid price. I also agree to pay the additional price for any extra (not outlined above) electrical or HVAC openings and or accessories. Rodger C. McElane (signature) 12-20-22 (DATE)
