David,

I have searched several options and this is the best choice for quality and price.

As long as the first order is 300 pieces or more, I can get program pricing. We can add garments later at the same cost but additional orders need to be in a quantity of 36. These are made to order but I can get a sample made for review. Lead time for samples is 2 weeks. We can pay for the sizing samples, however if the customer does not choose this option, they will need to purchase the samples as they are non-returnable and made to order.
