RE: County Road #405

The Panola County Commissioners' Court offers no objection to the location on the right-of-way of your proposed **12" Poly line** within the right-of-way of County Road **#405** as shown by accompanying drawings and notice except as noted below.

It is expressly understood that the County Commissioners' Court does not purpose hereby, to grant any right, claim, title or easement in or upon this county road. It is further understood that in the future should for any reason the county need to work, improve, relocate, widen, increase, add to, or in any manner change the structure of this right-of-way, any required relocation of said lines shall be at the sole expense of owner.

All work on the county right-of-way shall be performed in accordance with the county instructions. The installations shall not damage any part of the road and adequate provisions must be made to cause minimum inconvenience to traffic and adjacent owners. Special specifications for placing this line are as follows:

- 1. All lines are to be installed a minimum of 36 inches below the flow line of the adjacent drainage or barrow ditch.
- 2. All excavation within the right-of-way and not under surfacing shall be backfilled by tamping in 6 inch horizontal layers. All surplus material shall be removed from the right-of-way and the excavation finished flush with surrounding natural ground.
- 3. Lines crossing under surfaced roads and under surfacing cross roads within the right-of-way shall be placed by boring. Boring shall extend from crown line to crown line. Gravity from sewer lines under roadways shall be cast iron pipe.
- 4. All lines, where practicable, shall be located to cross roadbed at approximately right angles thereto. No lines are to be installed under or within 50 feet of either end of any bridge. No lines shall be placed in any culvert or within 10 feet of the closest point of same.

- 5. Parallel line will be installed as near the right-of-way lines as is possible and no parallel line will be installed in the roadbed or between the drainage ditch and the roadbed without special permission of the Panola County Commissioners' Court.
- 6. Operations along roadbeds shall be performed in such manner that all excavated material be kept off the pavement at all times, as well as all operating equipment and materials. No equipment or installation procedures will be used which will damage any road surface or structures. The cost of any repairs to road surface, roadbed, structures or other right-of-way features as a direct result of this installation will be borne by the owner of this line.
- 7. Barricades, warning signs, lights, and flag man(men) when necessary shall be provided by the contractor or owner. One-half (1/2) of the traveled portion of the road must be open at all times.

ApprovalLetterSelectEnergyServices.StateLineRoad.pdf;

Good morning Vicki,

I got this permit from you last January and the pipeline was installed around November I believe. There was some miscommunication between land and operations and they installed a 12 inch line rather than the 8 inch that was requested. Do we need to do anything to account for this?

PANOLA COUNTY AUDITOR

COURTHOUSE ANNEX • ROOM 213A CARTHAGE, TEXAS 75633 903-693-0320

March 28, 2024

Panola County Commissioners' Court

Panola County began Commissary Operations in 2011.

In compliance with Government Code Sec. 511.016, and Local Government Code Sec. 351.0415, Panola County Auditor's Office performed audit procedures on the Panola County Detention Center's Commissary Accounts. We examined monies collected, disbursements, bank reconciliations and all supporting documentation for fiscal year 2023.

We found nothing that would lead us to conclude that the balances and allocations of Panola County Detention Center's Commissary operations for this period were not, in all material respects, appropriately collected, expended and documented.

Sincerely,

County Auditor
