GENERAL DESCRIPTION

- See Attached Maps for Specific Locations No Map Required for This Project

Guardian Security Solutions plans to replace the remaining 32 Old GV Cameras with DW Cameras for Security Concerns at Panola Co Courthouse (see list attached). These replacements will use the same wires and existing switch ports to connect to the existing DW NVR at Panola County Courthouse. We will also add 5 hard drives to the existing NVR to have up to 30 days recording for these higher Megapixel cameras. We will not be changing anything else unless there is a signed Change Order. Guardian will provide a 1-year warranty for the 32 new cameras.

Training will be provided to staff at the conclusion of the project. Repeat or refresher training is available at any time for an additional fee. Please help us deliver the best training possible by having all employees that need to be trained available for training during the installation timeframe.

Guardian Security believes this scope of work to be accurate based on industry standards and best practices. If unforeseen circumstances should dictate a change to this scope of work, a change order will be issued for approval at that time.

▪ DW UPGRADE CAMERA SYSTEM

- Location: **Panola Co Courthouse / Justice Center / Sheriff's Office**
 - 5: 12T Single Enterprise Security Grade Hard Drive (add to NVR) [Setup cameras for 24x7 Sensitivity-9 Recording]
