**Narrative Information**

**Introduction**

The District Attorney Testing of Forensic Evidence Grant Program provides reimbursement to district attorney offices for costs associated with forensic analysis of physical evidence.

**Certifications**

In addition to the requirements found in existing statute, regulation, and the funding announcement, this program requires applicant organizations to certify compliance with the following:

### **Constitutional Compliance**

Applicant assures that it will not engage in any activity that violates Constitutional law including profiling based upon race.

### **Cybersecurity Training Requirement**

Local units of governments must comply with the Cybersecurity Training requirements described in Section 772.012 and Section 2054.5191 of the Texas Government Code. Local governments determined to not be in compliance with the cybersecurity requirements required by Section 2054.5191 of the Texas Government Code are ineligible for OOG grant funds until the second anniversary of the date the local government is determined ineligible. Government entities must annually certify their compliance with the training requirements using the [Cybersecurity Training Certification for State and Local Government](#). A copy of the Training Certification must be uploaded to your eGrants application. For more information or to access available training programs, visit the [Texas Department of Information Resources Statewide Cybersecurity Awareness Training](#) page.

### **Criminal History Reporting**

Entities receiving funds from PSO must be located in a county that has an average of 90% or above on both adult and juvenile dispositions entered into the computerized criminal history database maintained by the Texas Department of Public Safety (DPS) as directed in the *Texas Code of Criminal Procedure, Chapter 66*. The disposition completeness percentage is defined as the percentage of arrest charges a county reports to DPS for which a disposition has been subsequently reported and entered into the computerized criminal history system.

Counties applying for grant awards from the Office of the Governor must commit that the county will report at least 90 percent of convictions within five business days to the Criminal Justice Information System at the Department of Public Safety.

### **Uniform Crime Reporting (UCR)**

Eligible applicants operating a law enforcement agency must be current on reporting complete UCR data and the Texas specific reporting mandated by 411.042 TGC, to the Texas Department of Public Safety (DPS) for inclusion in the annual Crime in Texas (CIT) publication. To be considered eligible for funding, applicants must have submitted a full twelve months of accurate data to DPS for the most recent calendar year by the deadline(s) established by DPS. Due to the importance of timely reporting, applicants are required to submit complete and accurate UCR data, as well as the Texas-mandated reporting, on a no less than monthly basis and respond promptly to requests from DPS related to the data submitted.

### **Entities That Collect Sexual Assault/Sex Offense Evidence or Investigate/Prosecute Sexual Assault or Other Sex Offenses**

In accordance with Texas Government Code, Section 420.034, any facility or entity that collects evidence for sexual assault or other sex offenses or investigates or prosecutes a sexual assault or other sex offense for which evidence has been collected, must participate in the statewide electronic tracking system developed and implemented by the Texas Department of Public Safety. Visit DPS's [Sexual Assault Evidence Tracking Program](#) website for more information or to set up an account to begin participating. Additionally, per Section 420.042 "A law enforcement agency that receives evidence of a sexual assault or other sex offense...shall submit that evidence to a public accredited crime laboratory for analysis no later than the 30th day after the date on which that evidence was received." A law enforcement agency in possession of a significant number of Sexual Assault Evidence Kits (SAEK) where the 30-day window has passed may be considered noncompliant.

## **Compliance with State and Federal Laws, Programs and Procedures**

Local units of government, including cities, counties and other general purpose political subdivisions, as appropriate, and institutions of higher education that operate a law enforcement agency, must comply with all aspects of the programs and procedures utilized by the U.S. Department of Homeland Security ("DHS") to: (1) notify DHS of all information requested by DHS related to illegal aliens in Agency's custody; and (2) detain such illegal aliens in accordance with requests by DHS. Additionally, counties and municipalities may NOT have in effect, purport to have in effect, or make themselves subject to or bound by, any law, rule, policy, or practice (written or unwritten) that would: (1) require or authorize the public disclosure of federal law enforcement information in order to conceal, harbor, or shield from detection fugitives from justice or aliens illegally in the United States; or (2) impede federal officers from exercising authority under 8 U.S.C. § 1226(a), § 1226(c), § 1231(a), § 1357(a), § 1366(1), or § 1366(3). Lastly, eligible applicants must comply with all provisions, policies, and penalties found in Chapter 752, Subchapter C of the Texas Government Code.

Each local unit of government, and institution of higher education that operates a law enforcement agency, must download, complete and then upload into eGrants the [CEO/Law Enforcement Certifications and Assurances Form](#) certifying compliance with federal and state immigration enforcement requirements. This Form is required for each application submitted to OOG and is active until August 31, 2026 or the end of the grant period, whichever is later.

### **Overall Certification**

Each applicant agency must certify to the specific requirements detailed above as well as to comply with all requirements within the PSO Funding Announcement, the *Guide to Grants*, the *Grantee Conditions and Responsibilities*, any authorizing or applicable state and federal statutes and regulations to be eligible for this program.

**X I certify to all of the application content & requirements.**

### **Project Abstract :**

The District Attorney Testing of Forensic Evidence Grant will help solve the problem of getting lab evidence back in a timely manner. Currently we use the DPS Crime Lab in Dallas. They have a large case load and a large backlog. The ability to use a private lab would help on cases that require an expedient resolution. We have experienced extremely long waiting times with the DPS lab and another alternative such as a private lab would assist in getting these cases resolved more quickly.

### **Problem Statement :**

The Department of Public Safety Crime Lab (Lab) works in conjunction with the Panola County District Attorney's Office in all drug cases from the Panola County Sheriff's Office, the Carthage, Texas police department, the Tatum police Department, and The Department of Public Safety. The Lab works with law enforcement statewide and has difficulty, because of all the work they do, in giving us results in a timely manner. It has taken in some cases over a year to get results back. The need to get results back quicker in some cases, such as violent offenses, exist. The use of a private lab would aid in getting this done.

### **Supporting Data :**

The Panola County Criminal District Attorney's Office disposed of 183 felony drug cases in 2024. We currently have 113 active felony cases waiting of lab analysis. We also have 25 pending felony DWI cases waiting on lab analysis. The felony cases are the more serious. Misdemeanor drug prosecutions in 2024 totaled 136. Prosecuted misdemeanor DWI totaled 162 . We currently have 165 drug cases pending and 182 DWI cases pending. The majority of these are waiting to be tested.

### **Project Approach & Activities:**

The Panola County District Attorney will accept drug and alcohol cases and determine a prosecution timeline and severity of the offense in an effort to know how quickly we need the lab report. We will then request the labs from either the DPS lab or a private lab of our choosing.

### **Capacity & Capabilities:**

Our Criminal District Attorney and lead prosecutor understands the impact of drugs and alcohol and the impact

they have on society. As a past board member of the Rusk- Panola County Children's Advocacy Center, he has seen firsthand how drug and alcohol abuse impacts women and children. He has been a licensed attorney for thirty eight years, a Constable, Texas Municipal Court Judge, and Justice of the Peace. He has witnessed drug and alcohol abuse as a peace officer judge and attorney. This law enforcement and legal background has provided the prosecutor with exposure to a wide range of beliefs, cultures, religions, and ethnic backgrounds. He owned and operated an oilfield construction business. He handled large projects and was responsible for all aspects of each project including environmental, safety, and supervision of many people of different ethnic backgrounds. The Criminal District Attorney is assisted in this by the First Assistant Criminal District Attorney. The First Assistant District Attorney currently works for the Panola County Criminal District Attorney's Office prosecuting both felony and misdemeanor cases. Prior to coming to work for Panola County, the First Assistant worked for two rural counties handling case prosecutions ranging from traffic citations to murder, for a span of eighteen years. The Assistant's prior case experience has provided Him with exposure to a wide range of beliefs and backgrounds from defendants, witnesses, jurors and government staff. In addition to the experience representing the State, the Prosecutor oversaw a misdemeanor caseload as a County Court at Law Judge for two years, as well as having a sole-practitioner private practice for two years. The former experience created insights into how prosecutions are viewed from the bench, not merely through dockets and pretrial hearings, but also by presiding over ten jury trials. The latter provided the opportunity to work with defendants accused of Driving While Intoxicated, Public Intoxication and many drug related offenses. Further, he was actively involved with a Children's Advocacy Center, having participated not only in witness interviews over the years, but also having served on the Board of Directors, including that as President for several terms. These opportunities provided live observation and interaction with children and investigators at the outset of many Family Violence prosecutions, directly involved with drug and alcohol abuse. The First Assistant personally reaches out to victims, both for trial preparation and personal desires regarding the outcome of each case. Our top prosecutors bring a wealth of knowledge and experience in an effort to prosecute drug and alcohol abuse.

### Performance Management :

The Panola County District Attorney's Office will monitor all drug and alcohol offenses and note the cases that needed to be expedited and the reason they wer sent to a private lab.

### Target Group :

We will provide services for all law enforcement within the boundaries of Panola County. The majority of the testing would be for the Panola County Sheriff's Office, Carthage police Department, DPS, and the Tatum police Department. The Panola County District Attorney's Office at times needs a alternate test as a case is ready for trial. A time constraint may exist and a private lab is a better alternative.

### Evidence-Based Practices:

Application of evidence in a criminal case in a timely manner is important. The sooner we get the evidence t, the better prepared we are to present the case. We have researched reputable accredited labs that we can work with and receive quicker results. The determination of whether the labs go to DPS at a cheaper rate or a more expensive lab for quicker results depends on the severity of the crime and the tim needed to determine if we have enough evidence in the lab results.

#### Resolution from Governing Body

Applications from nonprofit corporations, local units of governments, and other political subdivisions must include a [resolution](#) that contains the following:

1. Authorization by your governing body for the submission of the application to the Public Safety Office (PSO) that clearly identifies the name of the project for which funding is requested;
2. A commitment to provide all applicable matching funds;
3. A designation of the name and/or title of an authorized official who is given the authority to apply for, accept, reject, alter, or terminate a grant (Note: If a name is provided, you must update the PSO should the official change during the grant period.); and
4. A written assurance that, in the event of loss or misuse of grant funds, the governing body will return all funds to PSO.

Upon approval from your agency's governing body, upload the [approved](#) resolution to eGrants by clicking on the **Upload Files** sub-tab located in the **Summary** tab.

#### Contract Compliance

Will PSO grant funds be used to support any contracts for professional services?

Select the appropriate response:

- ☐ Yes  
☒ No

For applicant agencies that selected **Yes** above, describe how you will monitor the activities of the sub-contractor(s) for compliance with the contract provisions (including equipment purchases), deliverables, and all applicable statutes, rules, regulations, and guidelines governing this project.

Enter a description for monitoring contract compliance:

Contracts are monitored for both program and fiscal compliance through file audits. Additionally, we will check all invoices received, for work completed, to verify that all documentation is correct before sending payment for services.

#### Lobbying

For applicant agencies requesting grant funds in excess of \$100,000, have any federally appropriated funds been paid or will be paid to any person for influencing or attempting to influence an officer or employee of any agency, a member of Congress, an officer or employee of Congress, or an employee of a member of Congress in connection with the awarding of any federal contract, the making of any federal grant, the making of any federal loan, the entering into of any cooperative agreement, and the extension, continuation, renewal, amendment, or modification of any federal contract, grant loan, or cooperative agreement?

Select the appropriate response:

- ☐ Yes  
☒ No  
☐ N/A

For applicant agencies that selected either **No** or **N/A** above, have any non-federal funds been paid or will be paid to any person for influencing or attempting to influence an officer or employee of any agency, a member of Congress, an officer or employee of Congress in connection with this federal contract, loan, or cooperative agreement?

- ☐ Yes
- ☐ No

If you selected 'No' to any question above under the Financial Capability section, in the space provided below explain what action will be taken to ensure accountability.

Enter your explanation:

### **Section 4: Budgetary Controls**

Grant agencies should establish a system to track expenditures against budget and / or funded amounts. Are there budgetary controls in effect (e.g., comparison of budget with actual expenditures on a monthly basis) to include drawing down grant funds in excess of:

a) Total funds authorized on the Statement of Grant Award?

- ☐ Yes
- ☐ No

b) Total funds available for any budget category as stipulated on the Statement of Grant Award?

- ☐ Yes
- ☐ No

If you selected 'No' to any question above under the Budgetary Controls section, in the space provided below please explain what action will be taken to ensure accountability.

Enter your explanation:

### **Section 5: Internal Controls**

Grant agencies must safeguard cash receipts, disbursements, and ensure a segregation of duties exist. For example, one person should not have authorization to sign checks and make deposits.

Are accounting entries supported by appropriate documentation (e.g., purchase orders, vouchers, receipts, invoices)?

Select the appropriate response:

☐ Yes  
☐ No

Is there separation of responsibility in the receipt, payment, and recording of costs?

<p>Compliance with State and Federal Laws, Programs and Procedures: Local units of government, including cities, counties and other general purpose political subdivisions, as appropriate, and institutions of higher education that operate a law enforcement agency, must comply with all aspects of the programs and procedures utilized by the U.S. Department of Homeland Security ("DHS") to: (1) notify DHS of all information requested by DHS related to illegal aliens in Agency's custody; and (2) detain such illegal aliens in accordance with requests by DHS. Additionally, counties and municipalities may NOT have in effect, purport to have in effect, or make themselves subject to or bound by, any law, rule, policy, or practice (written or unwritten) that would: (1) require or authorize the public disclosure of federal law enforcement information in order to conceal, harbor, or shield from detection fugitives from justice or aliens illegally in the United States; or (2) impede federal officers from exercising authority under 8 U.S.C. § 1226(a), § 1226(c), § 1231(a), § 1357(a), § 1366(1), or § 1366(3). Lastly, eligible grantees/applicants must comply with all provisions, policies, and penalties found in Chapter 752, Subchapter C of the Texas Government Code. Each local unit of government and institution of higher education that operates a law enforcement agency must download, complete and then return the <a href="#">2026 CEO/Law Enforcement Certifications and Assurances Form</a> certifying compliance with federal and state immigration enforcement requirements.</p>	2/21/2025 9:43:25 AM		Yes	No
