Customer Credits & Returns

How this policy helps our customer

Should a return be requested after a delivery has been made...

Sysco's approach to credits & returns remains simple and aimed at absolute customer satisfaction and ensuring a food safe supply chain. In order to maintain the highest levels of consumer food safety, we ask for your partnership in complying with this Customer Credit and Returns Policy. By working together, we can maintain the food safety and integrity of our supply chain.

Sysco Delivery Associates will return and credit any product that you do not accept at the time of delivery. Checking-in your order also provides you with an opportunity to request credit immediately if a product is invoiced but not included with your delivery. After delivery, credits and returns are limited within the parameters established within this policy.

Benefits of our Product Return & Credit Policy:

- Ensures product wholesomeness & quality
- Reduces product loss that ultimately impacts both Sysco and our Customer
- Speeds the processing of returns and refunds
- Assures product handling is compliant with Sysco's Food Safety Programs, USDA, FDA, OSHA and HAZMAT requirements
- Reduces the risk that a tampered, damaged or unwholesome product could be redistributed to another customer

At Time of Delivery

- Most credits and returns should happen when you are receiving your delivery.
- Your Sysco Delivery Associate will gladly help you verify the items delivered agree with your invoice.
- You may choose to return any item for credit at the time of delivery unless the item is a Special Order, Auto-Ship or Standing Order. Your Delivery Associate will make an adjustment on your invoice to keep for your records.
 - ✓ Temperature Controlled for Safety (Refrigerated and Frozen) are only eligible for return at time of delivery. (see attached table for listing of Time and Temperature Control for Safety)
- If a product is partially damaged, your Delivery Associate will make an immediate adjustment on your invoice.
- Once you've approved your order (less any items you return) just sign the invoice, indicating you're satisfied with the delivery.

Returning Product after Delivery & Product Integrity Requirements Refunds or credits for these items will be determined by the Operating Company.

All other returns are accepted for a limited amount of time as long as they meet the important requirements below:

- ✓ Refrigerated foods not classified as Time and Temperature Control for Safety: within 48 hours from delivery.
- ✓ Frozen, dry and foodservice supplies: Within 14 days from delivery.

Temperature:

- ✓ All refrigerated and frozen products shall be required to be stored at proper temperature to maintain food safety, product integrity and wholesomeness.
 - Frozen items: -18°C to -9°C (0 to 15°F)
 - Refrigerated items: 0°C to 4°C (32 to 40°F)

Packaging:

Products are returnable for full credit only when they are in the original package, free of markings or damage, must be stored within the required temperature range at all times, and within the specified return timeframe.

Chemicals

- Please treat chemical returns with extra attention. Federal HZMAT and OSHA regulations prohibit the transport of open-container chemicals, or chemical products not in the original packaging. Open/damaged chemical products or not in original packaging are non-returnable.
- A Sysco representative must inspect all chemical returns for damage and/or leakage before a pick up and return order can be processed.

Will Call

- Product picked up at Will Call can only be refused/returned at time of pick up. These items are not returnable once they have been signed for and are out of Sysco's control.

Special Order (Non-Stock) Items

- Special order items are products that we do not stock that were ordered especially for you. Because they can't be resold, they are not returnable except when damaged or of inferior quality at the time of delivery.

Drop Shipments

- Drop shipments are sent directly to you from our suppliers. Contact your Sysco representative about any unacceptable items within 48 hours of delivery.

Standing Order

- Is a pre-arranged process and agreement to always ship a defined product and quantity on every order, repetitive.

Auto-Ship

- Is a pre-arranged process and one-time agreement (customer) to ship a defined product and quantity on a defined ship date.

Restocking

- Any exceptions to these return guidelines may result in denial of credit or may be subject to a 20% restocking fee.
