XORCOM - COMPANY PROFILE

Reliable Business Telephony Since 2004

Established in 2004, Xorcom is a trusted provider of reliable telephony and voice communication solutions, serving diverse clients globally, from small businesses to large enterprises, including hotels, government offices, and telecom providers.

Our comprehensive product suite features:

- Advanced IP PBX systems
- Specialized hotel phone systems
- Flexible virtual and cloud PBX solutions
- Scalable multi-tenant PBX platforms
- Versatile telephony interfaces for legacy infrastructure
- Convenient IP phones and intuitive apps

Recognized for innovation, Xorcom has won the Internet Telephony Expo Best of Show award eight times. Our award-winning VoIP PBX products are used by organizations in over 100 countries, including leading banks, government agencies, and corporations.

Our IP PBX appliances seamlessly support both VoIP and traditional legacy telephony, enabling effortless integration in hybrid setups. We offer flexible virtual PBX machines deployable on-premise or in a data center.

Xorcom ensures convenient access to our solutions through continuous development and regular software updates. We also collaborate with telecom carriers worldwide, bundling our robust solutions with high-quality service to give carriers a competitive edge.
